

# **Monthly Turf & Landscape Care Schedule**

This serves as a rough guide of the services provided throughout the calendar year.

Please feel free to contact us with any questions you may have.

Thank you!

## **January:**

### ***Landscape Care:***

-Optimal time for dormant tree pruning

### ***Turf Care:***

-N/A

### ***Landscape Projects:***

-Select species tree/shrub transplanting & planting

-Landscape design

-Grading & Sodding

## **February:**

### ***Landscape Care:***

-Optimal time for dormant tree pruning

### ***Turf Care:***

-N/A

### ***Landscape Projects:***

-Select species tree/shrub transplanting & planting

-Landscape design

-Grading & sodding

## **March:**

### ***Landscape Care:***

- Landscape cleanup begins; dormant shrub pruning, remove debris, & install wood mulch
- Remove burlap wraps, ties and braces used to protect trees/shrubs from winter damage
- Remove temporary protective wrap & fence from tree/shrub used to prevent deer damage

### ***Turf Care:***

-N/A

### ***Landscape Projects:***

- Grading & sodding
- Select species tree/shrub transplanting
- Planting; tree, shrub & perennial
- Landscape installation

## **April:**

### ***Landscape Care:***

- Early April landscape cleanup concludes; dormant shrub pruning, remove debris, & install wood mulch
- Mid-to-late April General maintenance begins; weeding, light pruning & dead-wooding, etc.
- Preemergent weed control (Granular application)
- Select shrub fertilization; Hydrangeas, Azaleas etc. (Deep root, Liquid application)
- Select tree/shrub fungicide & insecticide treatment (Liquid application)

### ***Turf Care:***

- Mowing begins (weekly)
- Preemergent weed control & Fertilization (Granular application)

### ***Landscape Projects:***

- Grading, seeding & sodding
- Select species tree/shrub transplanting
- Planting; tree, shrub & perennial
- Landscape installation

## **May:**

### ***Landscape Care:***

- General maintenance; weeding, light pruning & dead-wooding, etc.
- Select tree & shrub fungicide/insecticide treatment (Liquid application)

### ***Turf Care:***

- Mowing (weekly)
- Broadleaf weed control (Liquid application)

### ***Landscape Projects:***

- Grading, seeding & sodding
- Select species tree/shrub transplanting
- Planting; tree, shrub, perennial & Annual
- Landscape installation

\*Note: Depending on the product used and site conditions, liquid herbicide, insecticide, & fungicide applications may not be applied during this month due to high temperatures.

## **June:**

### ***Landscape Care:***

- General maintenance; weeding, light pruning & dead-wooding, etc.
- Select tree/shrub fungicide & insecticide treatment (Liquid application)

### ***Turf Care:***

- Mowing (weekly)
- Selective herbicide, spot treatment (Liquid application)
- Late June; Insecticide (Granular)

### ***Landscape Projects:***

- Landscape design

\*Note: Depending on the product used and site conditions, liquid herbicide, insecticide, & fungicide applications may not be applied during this month due to high temperatures.

## **July:**

### ***Landscape Care:***

- General maintenance; weeding, light pruning & dead-wooding, etc.
- Select tree/shrub fungicide & insecticide treatment (Liquid application)

### ***Turf Care:***

- Mowing, cutting height increased (Biweekly for non-irrigated properties)
- Selective herbicide, spot treatment (Liquid application)
- Early July; Insecticide (Granular)
- Fungicide treatment (Granular application)

### ***Landscape Projects:***

- Landscape design

\*Note: Depending on the product used and site conditions, liquid herbicide, insecticide, & fungicide applications may not be applied during this month due to high temperatures.

## **August:**

### ***Landscape Care:***

- General maintenance; weeding, light pruning & dead-wooding, etc.
- Select tree/shrub fungicide & insecticide treatment (Liquid application)

### ***Turf Care:***

- Mowing (Biweekly for non-irrigated properties)
- Selective herbicide, spot treatment (Liquid application)
- Fungicide treatment (Granular application)

### ***Landscape Projects:***

- Landscape design

\*Note: Depending on the product used and site conditions, liquid herbicide, insecticide, & fungicide applications may not be applied during this month due to high temperatures.

## **September:**

### ***Landscape Care:***

- General maintenance; weeding, light pruning & dead-wooding, etc.
- Select tree/shrub fungicide & insecticide treatment (Liquid application)
- Plant cold tolerant annuals

### ***Turf Care:***

- Mowing, cutting height decreased (Weekly)
- Weed control, spot treatment (Liquid application)
- Soil aeration, over-seeding & Starter fertilization (Irrigation systems must be marked)

### ***Landscape Projects:***

- Landscape installation
- Grading, Seeding & Sodding

## **October:**

### ***Landscape Care:***

- General maintenance; weeding, light pruning & dead-wooding, etc.
- Tree/shrub fertilization (Granular application)
- Install temporary protective wrap & fence on tree/shrub to prevent deer damage (buck-rub)

### ***Turf Care:***

- Mowing (Weekly)
- End of October; Leaf clean-up begins
- Weed control, spot treatment (Liquid application)

### ***Landscape Projects:***

- Landscape installation
- Grading, Seeding & Sodding

## **November:**

### ***Landscape Care:***

- Fall cleanup; cut off spent perennials, annuals, & leaf cleanup
- Bulb Planting
- Add wood mulch to cold sensitive roots; Japanese-Maples, Hydrangeas etc.
- Install burlap wrap around evergreen shrubs susceptible to winter burn; Boxwood, Arborvitae etc.
- Tie up/brace small multi-stem trees & shrubs susceptible to winter damage; heavy snow & ice

### ***Turf Care:***

- Mowing & Leaf clean-up (Biweekly)
- Fertilization (Granular application)

### ***Landscape Projects:***

- Select species tree/shrub transplanting & planting
- Landscape installation
- Grading & Sodding

## **December:**

### ***Landscape Care:***

- Optimal time for dormant tree pruning
- Leaf cleanup (Customer request only)

### ***Turf Care:***

- Leaf cleanup (Customer request only)

### ***Landscape Projects:***

- Select species tree/shrub transplanting & planting
- Grading & Sodding
- Landscape installation
